CATCHING THE SPOTLIGHT

It was a great week for trout fishing and tagged trout are still being caught. Aaron Smith (pictured above) caught this tagged trout out of lake 4 and won a Coleman tent!

Michael Martinez (pictured right) caught this 6lbs. 7oz. trout out of lake 4.

Making his second appearance in a row on the weekly fish report, Alex Lamar (pictured left) caught this 6lbs. 5oz. trout out of lake 4 as well.

The last two Tuesdays in December and all Tuesdays in January will be half priced fishing days! All permits will be half off, including extra pole stamps!

LAKE LOWDOWN

Avg. Water Temp: 56.3°F

Water Clarity: Murky

The reports coming in have been saying that green Powerbait is the best bet for catching trout. Many anglers also say to combine that with Powerworms, mouse tails, or some other form of visual attractant. Lake 4 has also seen the most fish caught this week.
